

I NEUTRI //

Origami 1-2-3-4-5 / Murales / Listone / Briques / Doghe
/ Floorings / Chevron / Pepitas / Palette / Ombre / Mignon

Dalla Natura al Design *From Nature to Design*

I Neutri rappresentano la pietra d'arredo come non si era mai vista prima: nuove geometrie che, come origami, s'intrecciano e s'incastrano per dare vita ad accostamenti raffinati ed eleganti. Elaborate texture, dalla più materica a quella impalpabile che si affiancano e si rincorrono in un infinito gioco di contrasti che dialogano tra loro in perfetta armonia. E poi ci sono i colori della pietra: naturali e delicati, strappati al buio della terra con fatica e portati alla luce perché la loro bellezza fosse visibile e fruibile ogni giorno nelle case, negli alberghi e ristoranti più raffinati, nelle SPA e in tutti i progetti più prestigiosi.

I Neutri represent the decorative stone as never seen before: new shapes which, like origami, are twisted and fitted to give life to refined and elegant combinations. Elaborate textures, from the most materic to intangible one alongside the other, in an infinite play of contrasts which dialogue in perfect harmony. Then there are the colours of the stone: natural and delicate, ripped from the darkness of the ground with fatigue and brought to light so that their beauty could be seen and enjoyed every day in homes, hotels and the most refined restaurants, in spas and all the most prestigious designs.

Ispirati & Progetta *Be inspired & design*

“La città è una stupenda emozione dell'uomo. La città è un'invenzione, anzi: è l'invenzione dell'uomo”. (Renzo Piano)
“The city is a marvellous emotion of man. The city is an invention, rather it is the invention of man”. (Renzo Piano)
