is what moves us
forward each day.

YOUNG, YET EXPERIENCED

The **TREND Group** was founded in 2000 by Pino Bisazza who, together with several colleagues, created an enterprise that blends artistic Italian tradition with respect for nature, along with the most innovative technologies – a company that now boasts hundreds of employees around the world.

What makes TREND the excellent, devoted company it is today is its commitment to detail in the creation of aesthetical environments, built with the best technology and an eco-friendly, innovative system.
